Application for Internship Position – Web Developer

Dear Hiring Manager,

I am writing to express my interest in the Web Developer Internship position at Kode Digital. As a student pursuing a Diploma in Software Engineering at the German-Malaysian Institute, I am eager to apply my technical knowledge and creativity to real-world projects within your innovative digital environment.

Throughout my studies, I have gained hands-on experience in **HTML, CSS, JavaScript, and PHP**, as well as **database management and responsive web design**. I enjoy solving problems through clean code and efficient design, and I'm excited by Kode Digital's reputation for delivering impactful digital solutions. I believe this internship will allow me to grow further as a developer while contributing fresh ideas to your projects.

I would be grateful for the opportunity to discuss how my skills and enthusiasm align with your team's goals. Thank you for considering my application. I look forward to the possibility of learning and contributing at Kode Digital.

Warm regards,

Puteri Nuur Binti Azhar
